

Dear Parents and Year 3,
SPRING 1 2022

Here is our topic for this half term. Please use it to aid your own research or bring things into class to support your own learning.
Mrs Lindley

As Scientists we will:

- * Find out about forces and magnets.
- * Look at how things move.
- * Investigate how magnets attract or repel some materials and not others.
- * Describe magnets as having two poles..
- * Plan and carry out experiments.

As Citizens we will:

- * Learn about the value of 'wisdom'.
- * Continue to learn our UNCRC articles surrounding our rights and explore how these can make us better citizens.
- * Continue learning about our feelings using PATHS.

As Artists we will:

- * Explore shape and geometry in Art..
- * Be working with wire..
- * Looking at the four rules of shading .

As Historians we will:

- * Investigate the Roman Empire and its impact on Britain
- * Research key figures including Julius Caesar and Boudicca.

As Designers we will:

- * Be looking at the features of a castle.
- * Designing and making our own castle.

What did the Romans do for us?

As ICT technicians we will:

- * Be learning how to use spreadsheets..
- * Introduce and learn how to touch type.

As Mathematicians we will:

- * Continue to develop both our written and mental strategies for multiplication and division up to multiplying and dividing 2 digit numbers by 1 digit numbers.
- * Develop our understanding of money and solve calculations and problems involving pounds and pence.

As Readers we will:

- * Develop our reading and comprehension skills through guided and shared reading. Read a range of poetry and suspense stories.

As Athletes we will:

- * Continue to develop our dance skills
- * Think about warming up and cooling down our bodies and why this is important.
