English	<ul style="list-style-type: none"> <li>- Read (or watch) the story "We're going on a bear hunt!"</li> <li>- Can you write a new page for the story? Where would you have to go through to find the bear? What sound would it make?</li> <li>- The Author (Michael Rosen) was very poorly recently, can you make a card saying you hope he gets better soon?</li> </ul> <p>-Write a review of the story, what did you think of it? Which parts did you enjoy? Or not? Would you tell your friends to read it?</p>
Maths	<ul style="list-style-type: none"> <li>- Practise recognising and ordering up to 10 and then 20 as much as possible!! Use songs, make cards, write them!!</li> <li>- Over the next two weeks we are going to be focusing on addition/subtraction, and looking at shape!</li> <li>- For subtraction practise some simple sums (5-2, 7-4 etc), using objects to start. They don't need to write them just read and get the number needed! Then practise counting backwards, so putting the first number in their heads and then counting back on their fingers to find the answer! We say you've got 5 cookies and are going to eat 3, how many would you have left etc?</li> <li>- For shape have a look at any 2D shapes you can find in your environment. Then count the sides and corners, and talk about even if they are different sizes a square is still a square!</li> <li>- You can also look at 3D shapes, sort some objects from your home, which is the most common type (I am guessing a cylinder but am I right?) (cylinder, cube, cuboid, sphere, cone)</li> </ul>
Challenges	<p>Make some things to set up your own role play, just because you don't have a fire fighters kit doesn't mean you can't make your own uniform and tools! Grab some paper and cardboard and see where your imagination can take you!</p> <p>Make your own rain catcher (<a href="https://www.youtube.com/watch?v=QOzdcM-YZ2U">https://www.youtube.com/watch?v=QOzdcM-YZ2U</a>) and see how much it rains over the next few weeks (hopefully not much!).</p> <p>Have a go at growing something – cress is super easy and you can get the seeds in most shops (<a href="https://www.youtube.com/watch?v=4kmKPyv_VUc">https://www.youtube.com/watch?v=4kmKPyv_VUc</a>)</p>
